Business Insights & Recommendations

Branch Performance

 ****Branch C**** is the highest-earning branch with ****₹1,529,237.43**** in revenue. Allocate more inventory and staff to sustain its momentum.

 ****Branch A**** generates only ₹1,116,725.91. Investigate local demand, pricing strategy, and promotions to close the gap.

Category Strategy

 ****Beverages**** is the top-performing category by revenue. Consider expanding its product range, offering bundle deals, and featuring it prominently in store displays.

 ****Bakery**** records the lowest revenue. Re-evaluate pricing, placement, or whether the category suits the customer base.

Payment Preferences

 ****Net Banking**** is the most-used payment method, accounting for ****25.9%**** of total revenue. Ensure smooth, uninterrupted support for this method across all branches. Offer cashback or loyalty points to further incentivise its use.

Customer Satisfaction

 Overall average rating is ****4.00 / 5****. ****Vegetables**** earns the highest satisfaction scores — use it as a benchmark for product quality and service.

Download as CSV

⚠️ ****Snacks**** has the lowest rating. Conduct customer surveys, improve product quality, and train staff specifically for this category.

🎁 Loyalty & Customer Type

💡 ****Member customers**** contribute ****50.8%**** of total revenue. Strengthen the loyalty programme with exclusive discounts and early-access sales to convert more Normal customers into Members.

📅 Seasonal Planning

💡 ****2026-01**** is the peak sales month. Plan inventory builds, promotional campaigns, and extra staffing well in advance to maximise revenue during peak periods.

📋 Quick Insight Summary

Insight	Finding	Action
Top Branch	Branch C — ₹1,529,237.43	Scale up inventory & staffing
Needs Improvement (Branch)	Branch A — ₹1,116,725.91	Review pricing, promotions & local demand
Best Revenue Category	Beverages	Expand range, bundle offers, prime placement
Lowest Revenue Category	Bakery	Reassess pricing, placement, or viability
Preferred Payment Method	Net Banking (25.9% of revenue)	Ensure reliability; add cashback incentives
Highest Rated Category	Vegetables	Use as benchmark across all categories
Lowest Rated Category	Snacks	Improve quality; gather customer feedback
Peak Sales Month	2026-01	Pre-stock inventory & run targeted campaigns
Overall Avg Rating	4.00 / 5	Target ≥ 4.0; address low-rated categories
